

LF6000 RISER LIGHT (Patented)

- Supplements illumination from LF4000 Wall Light on wider steps
- Snaps into Wireway on step riser
- Easier to install and more cost effective than lights mounted to seats, which require additional wiring and conduit through armrest
- Combined light output complies with requirements of NFPA's Life Safety Code (0.2 footcandles) when installed as recommended

TRIPLE LED MODULE

- Three high-output directional LEDs distribute light across riser and to center and front of tread
- LED housing is designed to minimize glare toward screen / stage area and to patrons
- Low profile module is ADA compliant (no trip hazard) and resistant to spillage and tampering
- LEDs are rated for long life and resistant to vibration

•DRAWING NOT TO SCALE•
